Meeting with the
Forest Oracle
Submitted by Drake
Marsten:

On sunday night
many gathered to
finaly hear the words
of the oracle. We
waited for the
Guardians to arrive,
fearing another attack
from the wraiths we
took every precaution
to be ready. Finaly
the Guardians arrived
and guided us to the
holy place where the
oracle makes her
appearance. She
appeared and told us
she knew why we
came to seek her help,
she then explaned to
situation to us. This is
the general summery
of what she said :

The wraiths are in
this world gathering
souls for their Dark
Father, they are now
working on bringing
this dark father into
our realm. For this

they must cast and
spell of Binding and
Summoning, they
must first cast the
binding on someone
who is known as the
first daughter once
that is complete they
can summon their
Dark Father into this
realm. In order to cast
these spells the
wraiths must gather
3 reagents. The first
is a tome known as the
Book of Truth, the
second is the Blood of
Spirituality, and the
third is something
that is held in the
possession of the
Forest Oracle.
The oracle also gave us
some information as to
the possible where
abouts of these things.
The Book of Truth is
still in the possession
of the Skaven, they
have yet to strike a
deal with the wraiths.
The Blood of
Spirituality is the
blood of woman known
as the Servant of
Spritulity, she can be
found somewhere
South West of the
Hedge Grove Maze.
Lasty the reagent
which the Oracle
holds can not be taken
directly by the
Wraiths (the wraiths
are unable to appraoch
the Oracle) so they
must find someone
who can get close to
the Oracle and take it

from her... possibly
killing the oracle. Also
we asked about this
First Daughter, the
Oracle said that she is
protect and not even
her powers can see
her therefore she is a
mystery to us.

Here are the things
we must now do.

-- Find the Skaven
and arrange a deal for
the Book of Truth,
this should be the
first priority since
there is no telling
when the Skaven and
Wraiths will make a
deal. Don Martin of
V*A has delt with the
skaven before, we
should ask his advice.

-- Find the Servant
of Spirituality and
keep her safe from
the wraiths, I have no
clue to where to find
her but my guess
would be perhaps the
Shrine of Spirituality
or something around
that area.

-- Find the one who
will seek the Forest
Oracle to gain the last
reagent and stop them
before they do so.

-- Find out who this
First Daughter is and
keep her safe from
the wraiths.

We now have the

information we required, it is time for us to act before the wraiths accomplish their vile plan. I dont know about the rest of you but this Dark Father fellow does not sound too friendly and it sounds he has quite a bit more than the like of Dragar. I for one will try to do what I can, till now my actions have not made the wraiths my friends at all. I fear they will hunt me if I try to stop their plans or not. This is no common enemy and alone I will surely fail.
